After the meeting lunch was served by the hostesses during which time President Mrs. Sophie Lepack presented Miss Celli with a gift to show the womens appreciation of her visit here.

A door prize was won by Mrs. Jenny Dreja.

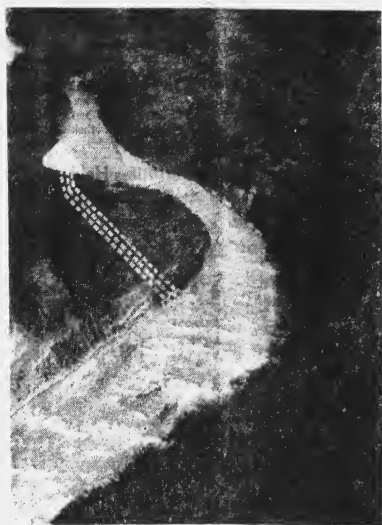

## Ceramics Course Is Successful

A basic Ceramics course wound up in the Hillcrest school last week when the products made by the dozens of persons taking the course were displayed to the Hillcrest school students.

Teaching the 12 Pass attendees at the course were Mr. O. Holmes, an Edmonton sculptor. Instruction was given in clay modelling by hand and with a potter's wheel, and the operation of a kiln was also demonstrated by the teacher who outlined all the equipment required for the successful operation of a ceramics guild.

During the three-weeks' long course many articles were made by persons from the Pass towns attending the school. These persons have become quite proficient and will now attempt to interest other persons in this interesting art.

The course was made available to the Pass people through the efforts of the Bellevue Recreational Group, and was furthered through the generosity of the Crowns Nest Consolidated School District No. 71 who made the Hillcrest school available for the classes at no charge.

Diversion will permit 615 foot-high portage dam to begin building in dry river bed.

## Council Meeting Discuss Take-over Gas Utility

Coleman town council met Tuesday evening when the possibility of the town taking over the proposed gas utility was discussed.

An employee of Banister Construction will make a survey of the town and try to determine the cost of installing a system to serve Coleman and to investigate the feasibility of the town taking over such a utility.

The Planning Commission attended the meeting with a view to assisting the town survey and lay out a number of new blocks the town are making application to annex.

The matter of the government recreational grant was discussed, and council will meet on Saturday afternoon with a party who are believed can install a swimming pool in Coleman at a cost of some \$35,000. It was also mentioned that operation of the pool could be cut to approximately \$1,000 per season.

The Police Report was read and indicated that dogs running loose in town were creating a problem. Council advised police to take action to prosecute offenders of the dog by-law.

The water analysis report showed that there was no unfavorable contamination in the town supply.

## Coleman To Annex Land

The Local Authorities Board, comprising C. G. MacGregor and A. B. Welter of Edmonton, met in the Coleman Council Chambers on Wednesday afternoon last to hear an application from the town of Coleman to annex block two, the north half of block 17 and block 21 on the flats at the south-east of the Coleman boundary and for the north-east quarter of section eight.

The Board were informed that due to circumstances, council had changed its mind and were no longer interested in annexing some five blocks north of the Satellite Cafe as the land is no longer required by the town at the present time.

The Board will give immediate consideration to the annexation of the north-east quarter of section eight and also block two. Decision is to be delayed on the north half of block 17, and on block 21 all in plan 6808CU pending further study of the area.

N. H. Bradley, district highway engineer of Lethbridge, was present as the land to be annexed in block 21 is near the number three highway. T. A. Collier, town secretary and George Jenkins, represented the town at the hearing.

Most youngsters think there are only three seasons in the year — baseball, football and basketball.

## Arthur Graham Honored On Retirement

Approximately 80 persons gathered at the Turtle Mountain Hotel at Frank Saturday evening, February 3rd to honor Arthur Graham of Coleman on the occasion of his retirement after 42 years of service as a mining engineer for Coleman Collieries.

Chairman of the affair, sponsored by Coleman Collieries, was D. B. Young, vice-president and general manager of the company.

Mr. Young gave a resume of Mr. Graham's life and commended him for his many years of service with the Collieries.

He then called on company secretary-treasurer Roy Upton, who on behalf of the Collieries office staff, presented Mr. Graham with a transistor radio.

While making the presentation, Mr. Upton wished Mr. Graham many happy years in retirement.

Mrs. D. B. Young was then called upon and presented Mrs. Graham with a lovely bouquet of red roses and expressed her wish that the couple enjoy many happy years of retirement.

Several other speakers commended Mr. Graham for his fine service with the Collieries. Following the presentations an evening of dancing was enjoyed in the hotel's large dining and reception room.

Mr. Graham, 66, retired as of January 31st, after having worked as an engineer for the company since 1920. He was born in the Pass and lived here all his life. Mrs. Graham is presently teaching school in Pincher Creek. The couple have one son Jack, in Kansas City, U.S.A.

Mr. Graham's brother, Frank, also recently retired as postmaster here and he and his wife are now living at the West Coast.

Officers elected were:

President, Mrs. M. MacQuarrie

Vice-president, Mrs. I. Coover

Rec. Secty., Mrs. H. Liddell

Treasurer, Mrs. E. Owen

Corr. Secty., Mrs. M. McKinnon

Members of Executive: Mrs. A. Poulton, Mrs. B. Root, Mrs. W. Jenkins.

The U.C.W. are a group of women working for the aims and objectives of the mission of the church. A great change has taken place with a lot more work concerned in regard to allocations to mission of the Church, Presbyterian allocation and Conference allocation, so we hope that all women of the Church will take to heart the great stand the U.C.W. have taken.

### Valentine's Day

Valentine's Day has become a pleasant occasion for cashing in on cards or candy. But for the maids of an earlier day it was a time for serious husband-hunting.

According to World Book Encyclopedia, a girl might start out at midnight by circling the church 12 times and repeating the rhyme "I sow hempseed, hempseed I sow, be that loves me best, come after me now."

If no one did, she could still hope to see her true valentine in her dreams. Of course, she first

took the precaution of pinning five bay leaves to her pillow, one to each corner and one in the centre.

Was marriage possible in the coming year? A peek through a keyhole could tell her that. The girl rose early on February 14 and set her eye to her keyhole. If she saw two objects, well and good. But if only one—better luck next year.

Still, perhaps she could identify her husband-to-be. She wrote the names of her boy friends on bits of paper and rolled each one in a piece of clay. Then she dropped the clay into water. The first scrap of paper that floated to the top was believed to hold the name of

her valentine.

If she already had a favorite, she might test him by striking her forehead with a folded rose petal. If the petal cracked obviously he loved her.

### Bride Honored At Shower

A miscellaneous shower was held in honor of Mrs. Vern Watson (nee Kathy Campbell) on January 30th in the Elks hall.

The honored guest, Mrs. Watson, and her mother, Mrs. R. Campbell, were escorted to the head table and were presented with corsages to the strains of the "Wedding March" by Mrs. J. Spivak. Mrs. L. Schultz was in charge of the guest book.

Whist and bingo provided the entertainment for the evening. Whist honors went to Mrs. M. Kubica, first prize; second to Mrs. R. Nakoff; consolation to Mrs. Don Filafilo. Door prize went to Mrs. R.

Bowman.

After a delicious lunch served by the hostesses, Misses E. Raymond, Pat Moore and Mesdames G. Sygutek and M. Joseph presented the honored guest with many beautiful and useful gifts.

Mrs. H. Neddo then presented the major gifts including a chenille bedspread, a set of sheets and pillow cases, one wool bed throw, two pillows and two cushions, an ironing board and cover, clothes hamper, garbage container and a set of breakfast dishes. A set of Revereware cooking utensils was the hostesses gift.

Mrs. Watson, in a few well chosen words, voiced her appreciation to her friends and especially the hostesses for their beautiful gifts and good wishes.

### Kroli Rites Held At Blairmore

noon February 8th for Walter Kroli, 88, Crows Nest Pass old-timer who died Thursday, February 1st.

He left Frank in 1945 to reside in Cranbrook, B. C., with a daughter Mrs. Ed (Bella) Welsh. The family later moved to Fort Macleod where he lived until 1956, when he moved to Blairmore to reside with his son and daughter-in-law, Mr. and Mrs. Peter Kroli.

He was predeceased 10 years ago by his wife Mary, on February 1st, and by one son, Fred in Portland, Ore., in 1924.

Surviving are six daughters — Mildred, Mrs. Fred Astle of Calgary; Mary, Mrs. Harold Goodhill of Calgary; Jessie, Mrs. Geo. Johnson of Barwell; Annie, Mrs. Ed Peterson of Vancouver; Margaret, Mrs. H. ## HOCKEY NEWS

### Coleman Grands Clobber Buffaloes By 9-5 Score

On Saturday, February 10, the Coleman Grands defeated the Calgary Buffaloes by a score of 9-5, making it three wins in a row over the Buffaloes, who did not appear to have a chance throughout the game.

Coleman, down 2 to 1 at the end of the first period, really should have been leading in the game as they had three-quarters of the play in the period.

The Buffaloes had only 8 shots on goal in this period, scoring an easy one from the corner that bounced into the net. Coleman had 15 shots on the Buffalo net.

Coleman came back in the second period to tie the game up at the three-minute mark and then to take a commanding lead of 4-2 near the nine-minute mark. At this time Coleman's late arrival, Albert Gettman became highly excited, skated over to the Coleman bench, threw his hockey stick against the boards (missing a misconduct penalty) then skated off the ice. Ronny Koury then replaced Gettman, and after getting warmed-up in the third period gave a grand display of hockey for the locals.

Coleman led 6-4 at the end of the second period; outscored the Buffaloes 3 to 1 in the third period to win handily by a score of 9-5. Refereeing was good as it has been for the past five games at the local arena.

Coleman's high scorer, Fred Churla, scored once and had two assists. Churla, who played a bang-up game all the way, really deserved more goals, however, Mother Luck was not with him.

Ted Kryczka, Dick Koentges and Scooter Scodellaro also played high class hockey the whole game.

It is evident that when Scodellaro and Kryczka get in shape they are going to score a lot of goals, and the Grands will be hard to beat in the playoffs.

### Grands Whitewash Great Falls

The Coleman Grands whitewashed the Great Falls Americans of the Big Six Hockey League, at Coleman arena by a score of 13-0.

Grands out-shot the Americans 44 to 19 in a game that proved no match at all. The only thing this game proved was that Coleman now has one of the strongest hockey clubs they have ever had in the history of hockey played in the Coleman arena and a lot of credit must go to both Angelo Gentile and Bill Fraser, who have been fully responsible for bringing such hockey to Coleman.

What with entry fee and bonds, these two men had to come up with \$750.00 cash to enter the Grands in the Big Six League; then do what they could to bring in a few outside players to assist the local boys who were terribly

short-handed.

Dick Koentges scored a hat trick for the locals, and Churla again potted two goals for the Grands. Brooks as usual, picked up a carload of assists with a total of four.

### Grands Win 10 Of 11 Games

The powerful Coleman Grands have now won 10 of their last 11 games—the only loss being that to the league-leading Adderson club by a score of 5 to 4.

The deciding goal in this game fell into the nets from the shoulder of Ken Cush as he reached to pull it away.

Grands have defeated the Adderson club twice in their tremendous stretch of wins, by scores of 3-2, and 7-4.

They whipped the Buffaloes three times, Great Falls also were defeated three times and the Taber Chiefs twice.

With a hockey team like this, it could be the Grands may entertain the Russians at the Coleman arena.

### "Skip Gettman Out" Says Head

Ken Head, manager and coach of the Coleman Grands, has stated Albert "Skip" Gettman is definitely suspended from the Coleman Grands hockey club. Such a display of poor sportsmanship as put on by Gettman in the last game the Grands played with the Calgary Buffaloes will not be tolerated by our club.

"Gettman is definitely out," said Head. "I need say no more. The fans saw what Gettman did for absolutely no reason at all. Even the referees appeared bewildered when Gettman stormed off the ice. Gettman was overly lucky the referees did not see him throw his hockey stick viciously against the board, for he would certainly have received a misconduct penalty. Had Gettman missed in throwing his stick against the boards and the stick have went into the stands a spectator could have been seriously injured."

Head stated that if the Coleman club officials over-rule him he will quit as manager and coach.

Gettman has only recently been released from a suspension by the league after being recommended for a long-term suspension. Club officials Angelo Gentile and Bill Fraser fought with league officials for months to have Gettman reinstated.

### Churla Top Scorer In League

Coleman Grands' classy left-winger, Fred "Fritz" Churla, is now well out in front in the league scoring race. Churla leads with 36 goals, not counting his goal on Saturday night. Haley of Adderson is second with 31, Balazs of Adderson third with 30 goals.

Churla is also third in the point race with a total of 52 points, only

one point behind Fred Zasadney of Adderson.

### Referees Tops

Referees for the local Coleman Grands, who at times get a number of nasty remarks thrown at them, are not deserving of same.

Refereeing for the past six or seven games has been better than any refereeing Coleman has had for years. This reporter believes George "Shorty" Jenkins deserves a lot of credit for his efforts of late, and there is not too much wrong with other referees who come to Coleman to assist Jenkins. So, fans, let's say something nice about these men instead of such undeserving remarks made by fans at times.

A referee can't be everywhere, and he has not got eyes in the back of his head.

### Scout, Cub Group Committee Meet

A Scout and Cub Group committee meeting was held on Monday, January 22nd at the home of Mrs. R. Szymanski with special guests, Mr. R. Clarke, Field Commissioner; J. Perrault, Assistant Commissioner, and Lew Blair, Regional Commissioner, and Mr. A. Graham, Lions representative present.

Included in the regular meeting was a discussion of the proposed Scout hall and increase in the boys' registration.

Mr. Clarke gave constructive help to the leaders and advised the committee that the regional district is set up to give each group better service and with closer association between the Lethbridge headquarters and individual districts or groups.

Mr. Perrault was able to make suggestions for raising money for our own group and Mr. Blair was eager to help the leaders and asked them to call on him at any time for assistance.

After the meeting lunch was served.
